

## **Waituna West Community Meeting held on Wednesday 9<sup>th</sup> October 2024**

### **Present:**

**Committee** - Marija Hare, John Williamson

**Council** – Kerry Quigley, Helen King

- Just a note here, with only two members of the committee and two from Council we didn't really have a quorum, however decided to discuss what needed to be discussed anyway so that it wouldn't be a waste of time for those coming out from town. These minutes are a reflection of that decision.

### **Apologies:**

Jeremy Cumming, Hugh Hare, Greg Shannon, Gene Moore, Maryanne Shannon, Erin Moar, Scott Clare, Craig Hogan.

**Minutes of last meeting:** - Accepted as read

1<sup>st</sup> – Marija Hare

2<sup>nd</sup> – John Williamson

**Treasurer's Report:** - Jeremy Cumming

- To be tendered at next meeting

**Council Report** - Kerry Quigley

- Library is open but without a sign saying 'Library' no one knows where it is!
- Not much to report this time around. Things are just ticking along as per previous minutes.

### **General**

Note from Maryanne - the local Tapuae community are very appreciative of all the metal that has been spread on the road up there. That's a sloppy kiss for the Council!

The Council was queried as to whether there had been any progress on our Hall being painted.

The Council Hall register has been updated with Julianne McGregor's details who now holds a key.

The request by the Principal for the broken seating by the Hall to be repaired has been undertaken.

There is an appreciation of the school newsletter being sent out, however there appears anecdotally to be a two way glitch with information not getting from the school to the community website and vice-versa.

Roadside mowing still needs to be extended past the Hall to the first sign.

**Meeting Closed at 7:40 pm**

**Next Meeting Wednesday 12<sup>th</sup> February 2025 @ 7:05 pm**
