Council Report - None as yet, awaiting Council reps to be allotted.

General –

Clash with Home & School meeting allowed for few committee members to be present for this meeting

General disappointment that Council representatives had not yet been chosen for community liaison.

Tivo-type heaters have been installed in the Hall and look as though they have always been there. Evidently very effective too.

The small commemorative shed at the front of the Hall has been clad in coloursteel, for eventual lockable doors for the front so the barbeque can be kept and used in there.

Road works along SH54 are causing some disruption but it is generally acknowledged that the end result will be worth it.

Xmas get together barbeque will as usual be held down at the Hall on Sunday the 21st of December at 5:30pm – the one just before Xmas.

Meeting Closed at around 8:00 pm

**Next Meeting and Triennial AGM for election of offices will be held on
Wednesday 11th February 2026 @ 7:05 pm**
