SHE SHINES  N

Thank you for considering me and supporting my dancing dreams!

SHE SHINES ON is a Dance Tour company on a mission to inspire girls' confidence globally. Our tours are designed to cultivate girls' personal power through opening their eyes to a world of opportunities and self-love practices – all while they dance on the stages of their dreams. It's an opportunity of a lifetime, but the tools dancers discover on tour are everlasting.

Our Vision

We will see the day when girls everywhere feel confident and are inspired to follow their dreams.

85% of girls suffer from low self esteem, which is the most important factor contributing to happiness and well being. We want that number to fall to zero. We want 100% of the world to feel confident.

We envision a day when we've uplifted over 10,000 girls' confidence and we've given away \$1,000,000 towards educational programs that builds self-esteem in girls.

When you join us on tour, part of the proceeds will go towards educational programs that build self-esteem in girls.

Our Values

FUN FRIENDSHIPS

We inspire girls to create friendships that will last a lifetime.

PERSONAL POWER

We cultivate life skills that encourage girls' self-empowerment.

LOVE

We help girls foster self-love practices from an early age.

INSPIRATIONAL OPPORTUNITY

We provide girls with inspiring opportunities that shape them into the kinds of women our world needs.

TRUTH

We support girls to truly follow their hearts to feel powerful in their true selves.

WORLD VIEW

We provide experiences that open girls' minds to a world of opportunities.

On tour I will;

Dance with famous choreographers

Take open classes with professional dancers

Industry insight seminars with professional dancers and agents

Perform in front of an international audience at Dreamworld

Create new connections

Have 24/7 access to role models

PERSONAL DEVELOPMENT SEMINAR

You may have the passion and the talent but do you have what it takes to be successful? During our personal development sessions we are going to work on the ONE key thing that determines whether or not you are successful in dance (or life) MINDSET. Understanding the power of your mind and how you can make or break your dreams purely by the way you think is going to force dancers to reconsider everything. As the saying goes – ‘Change your thinking, change your life!’

AGENTS SEMINAR

Understanding agents and how they operate is imperative to getting good representation, staying in the forefront of their minds and getting to auditions! Agents work in a fast paced environment and only want to work with professional, efficient and talented dancers who book jobs. In our seminars you will learn exactly what agents are looking for, how to get representation, how to build a great relationship with your agent and how to book jobs.

I will also get to enjoy the famous sites and sounds of Sydney & the Gold Coast

Sydney Opera House

Bondi Beach

Darling Harbour

and all the Gold Coast
theme parks!
