Aroha mai, the January date was not working for many, so trying this one – 18/02/2025.

Kia ora tātou

This is a hui for iwi, DOC and MDC to come together to discuss and resolve some of the issues at Pukepuke Lagoon. We are looking to clarify what is required to have the suspension lifted, and in what ways management of the concession can contribute to the broader objective of restoring the lagoon to a healthy, functioning state. The larger landscape scale programme of work is outlined in the Pukepuke Lagoon Natural Heritage Plan (and we will start trying to progress this) – but here particularly, we are zooming in on the easement/drainage concession.

10am: Welcome, mihi, kōrero about onsite issues, particularly in relation to WA-219 drainage easement concession:

- WA-219 concession:
 - What issues have been/are being caused by how this concession is managed
 - What do we need to see being done to resolve or mitigate those issues
 - What must happen in order for the group to support a lifting of the suspension
 - If suspension is lifted, what is the proposed order of action and timeframe or deadline
- Wider lagoon landscape:
 - What issues do we have/have we seen around the lagoon (lagoon-wide, landscape scale); and how are these affected by the management of the concession
 - What other issues are there – are they all covered by the Pukepuke Natural Heritage Plan
- Plan travel around the site, and what we'll look at.

12.30pm: travel to Pukepuke Lagoon

1.15pm: arrive Pukepuke Lagoon

- Travel around the site as planned, must eyeball actual issues:
 - Outline the issue(s)
 - Outline the discussed resolution/mitigation
 - Agree the proposed action and timeframe/deadline

I hope this works – but as there are a number of people to coordinate, please be prepared for some changes.

Ngā mihi

Frances Walsh
